

ACS01 S1 WEEKS 5, 8 AND 10 STUDENT OBSERVATION LOG

Group members:

Topic:

Student ID and Name		I have brought what I need: Materials and sources for group discussion. (1)	I have done my preparation for my part and can contribute information to the group. (1)	I know what I need to do (tasks or responsibility). I volunteer my ideas or help. (1)	Role within the team – attempts to lead discussion, support or digress from topic. Contribution to team effort. (1)	Participation: I am here and not distracted by my phone or doodling. (1)	5 + 8 + 10 = / 15	Sum of 5, 8 & 10 / 3 = Avg / 5

ACS01 S1 WEEKS 5, 8 AND 10 STUDENT OBSERVATION LOG

Note:

- a. If a student is absent without reason for any week(s), the average is to be calculated over the 3 observation weeks.
For example, students 900033## was present in weeks 5 and 8 but absent in week 10 with no valid reason provided. The marks obtained were 2.5 and 3.5 respectively.
The average is calculated as total marks for week 5 and 8 : $2.5 + 3.5 = 6.0 / 3$. **Therefore the average = 2.0.**
- b. Where a student is absent and has a valid reason, the average is calculated over the number of weeks present in class.
For example, student 9001#### was present in weeks 5 and 10 but was absent in week 8. The total mark obtained for week 5 and 10 were 3.5 and 4 respectively.
The average is calculated as total marks for weeks 5 and 10 : $3.5 + 4 = 7.5 / 2$. **Therefore the average = 3.75**

Each student needs to demonstrate the following:

Week 5

- 2 sources (1 SJA and 1 other, preferably in Pdf)
- Information is highlighted for possible use – Paraphrases and Quote, can also include possible information for other subsections of the report
- Is clear of their scope of discussion (1st or 2nd part of the report)

Week 8

- Demonstrates revision on synthesis based on feedback / ask questions about their synthesis (structure, evidence, ref format)
- Use of 2 sources (1 SJA and 1 other) demonstrated in synthesis

Week 10

Progress towards

- Referencing format for the 2 sources to be included in the Ref List
- Work on a suggestion for Recommendations section
